

Unattached NJ: For swimmers wishing to not affiliate with a club when registering with USMS, their club designation will consist of the letters UC followed by the LMSC number. The "club" name and abbreviation will be the same - for New Jersey, it is UC07. UC07 swimmers will continue to be ineligible for competing on relays or for a group of these swimmers to compete for team points, but may otherwise participate in all USMS activities, including practices and meets as an individual. This is the default "club" for swimmers who do not select a specific club affiliation.
